Got enough speed to watch videos online?

Netflix recommends a minimum broadband connection of 20 Mbps for an adequate viewing experience for streaming 4K UHD content. If you're viewing videos and using other devices (tablets, cell phones, computers) at the same time, you will need more speed.

Meet your IT Team

Shane

Shane P. joined the Reliance IT team about a year ago and he lives in the Gresham area. When he's not at work Shane enjoys playing video games and watching movies with his family. Shane likes doing tech support to help people understand and enjoy the Internet and to fully utilize all the technology they have available to them.

Hiatt

Hiatt is the senior member of our IT team. He's been with Reliance for 2 1/2 years. He built his first computer when he was 10 years old and enjoyed taking apart video games like Pac-man to see how the programming worked. If Hiatt happens to assist you, ask him to do one of his voice impressions—his specialty is movie or cartoon characters.

Nathan

Nathan (Nate) has been with Reliance for almost 2 years. After a full work day on the computer, he will invariably hop right back on one at home. Nate enjoys video games and movies and reading. He is obsessed with Batman: Arkham Knight and Sci-Fi TV shows.

Patrick

Patrick is our newest IT technician and was born and raised in the Portland area. He a self-proclaimed nerd and loves superheroes, comic books, video games, sci-fi, and almost anything Star Wars. Patrick likes tech support because he enjoys helping people and happens to be good at explaining technology in an easy-to-understand manner.
